About the Class:

The new beginner class will be a commitment of about 24 weeks to reach the Plus level of square dancing. Cost for the entire class is \$130, which includes instruction, space rental and class materials. No prior dance experience or special talent is required – it's relatively easy and lots of fun.

Who We Are:

Square Dancing, With a Twist!

Modern square dancing is not the typical American folk-dancing you might have learned in grade school. It is all-inclusive, more upbeat, energetic and a lot of fun to learn. We offer square dancing opportunities for everyone, from the absolute beginner to those more advanced. All you really need is a sense of fun and a desire to meet and interact with new people! Traditional square dance attire is not required, if it's street legal, you can dance in it and you are likely to dance to a wide variety of music. Also, you don't have to bring a partner – there are always people you can find to dance with. We also plan other social events such as potlucks, pool parties and game nights.

Dance Events – Let's Square Up!

In addition to classes, we offer club nights and most clubs host square dances. Club nights are informal dances open to all members of the club and visitors for an evening of dancing. More structured square dances are events where other clubs and visitors attend, making for a regional dance experience. A typical square dance brings in a guest square dance caller (the person that “calls” or announces the square dance steps) and some 50 to 100 dancers (6 to 12 “squares”) for an evening of dancing at a variety of dance levels. Our dances give you a chance to show off dancing skills you learned during class, and also provide an opportunity to socialize with square dancers from other clubs.
